2019-09-11 11:32:12

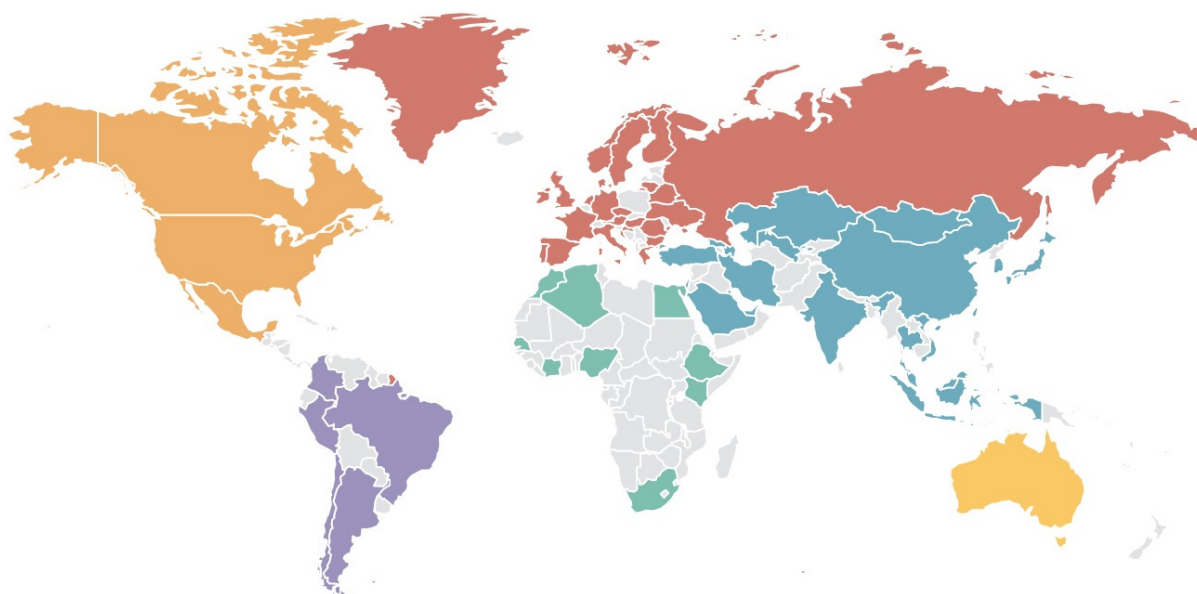

Foreign Trade Offices of the Polish Investment and Trade Agency (PAIH) are a global, constantly developed network of the Agency's divisions responsible for providing support for Polish exporters and investors who look for new business opportunities, overseas. Offices have also been designed to attract foreign investors and assist them in their way to Poland.

**PAIH Foreign Trade Offices** are focused on distant markets of rapid growth with the biggest business potential for Polish companies. Ultimately, there will be 70 locations of PAIH Foreign Trade Offices in the world.

### Foreign Trade Offices will help you to:

- reduce business risk in foreign expansion by managing business information.
- select reliable business partners, arrange B2B talks and trade shows as well as offer investment site advisory.
- get the access to full range of business support tools offered by the Polish Development Found.
