Poland exported 20% of all EU beef shipments between January and March

2016-07-08 11:36:39

Poland was the largest exporter of beef from the European Union between January and March of this year, according to figures from the AHDB (the organisation for English beef and lamb).

Poland was the largest exporter of beef from the European Union between January and March of this year, according to figures from the AHDB (the organisation for English beef and lamb).

In the first quarter of 2016, Poland accounted for approximately 8,320t or 20% of the beef shipped from the EU to outside markets.

According to the AHDB, Germany was the next largest exporter of beef from the EU during the first three months of the year, with an 18% share of the market.
