Special events:

Strada di Architettura - a special visiting path for architects and designers used for example to show a direct connection between the creators of architecture, manufacturers and distributors of construction and decoration materials.

The Distributor Day - the first day of the Fair will be dedicated in particular to sales and contracting talks. Once again, the organizers of the BUDMA Fair will invite merchants, owners, heads of construction chains and wholesale companies, purchasing directors from Poland and Europe to a meeting with exhibitors.

BUDMA HOSTED BUYER PROGRAMME :

The Hosted Buyers Programme is a unique component of BUDMA that provides top-level buyers an opportunity to meet with the exhibitors of their choice for focused one-to-one appointments. Qualified buyers will be our VIP guests. They will receive accommodation, travel and many other benefits.

[Get more about the programme](#)

Testing Zone is a space prepared primarily with a view to repairmen. In the two exhibition halls, the organizers will create an interactive presentation of tools, equipment, building materials. In the Testing Zone, under the guidance of producers, each contractor will have the opportunity to try out and evaluate products for optimal use in their daily work.

Energy Efficient and Passive Construction Forum - investment support programs for individuals and public entities, leading experts from abroad, the latest technological solutions.
