ITM Poland 2016

2016-02-02 15:30:01

ITM Poland - Innovations-Technologies-Machines.

ITM Poland - Innovations for industry, drive for business.

We would like to invite you to Poznan to visit the largest and most important industrial exhibition in Poland – Innovations-Technologies-Machines that will take place 7-10.06.2016 . ITM Poland means modern technologies, innovations for the development, and advanced machinery. All in one place, in a nutshell, but on a grand scale.

Last year edition of ITM Poland occupied 21 thousand square meters, and assembled nearly 1,000 exhibitors from 27 countries, 16,955 visitors, hundreds of machines in motion, innovations enabling the optimization of enterprises' work, conferences, lectures and demonstrations making the proper implementation of new technologies in the industry possible.

Located in the communication heart of Europe, international fair ITM Poland are covered with several parallel and intersecting entire industry events. This allows the presentation of the full range of machinery, both in terms of technical innovations and modern engineering thought. To explore the exhibition we invite representatives from the industry, mainly managers and those responsible for decisions making, as well as technicians and constructors. The fair is accompanied with prestigious conferences, workshops and live shows.

Thematic scope of ITM Poland:

- Mach-tool (machines and tools),
- Surfex (surface treatment technologies),
- Hape (hydraulics, pneumatics, drives),
- Metalforum (metallurgy, metal industry),
- Weldnig (welding),
- Science for the Economy (scientific achievements institutes research).

The ITM Poland will be accompanied by Foundry Forum FOCAST and SUBCONTRACTING – Industrial Subcontracting Fair.
