**The 4th edition of the ReDI Trade Fair** will be held on 7-8 June 2017 at the PGE Narodowy in Warsaw. ReDI, CEE Trade Fair for Retail Investment, is an European meeting place for representatives of towns and cities, property developers and retail chains that have a development strategy for the region of Central and Eastern Europe.

ReDI is organized by the Polish Council of Shopping Centres (PRCH).

The Polish Council of Shopping Centers is the biggest organization in Poland that gathers companies related to the shopping centres and high streets industry. The Polish Council of Shopping Centres (PRCH) is a not-for-profit association that represents more than 240 businesses operating on the commercial real estate market. We are the Polish national partner of the International Council of Shopping Centers (ICSC), European Property Federation (EPF) and were established in Poland in 2003.

All previous ReDI editions were already attended by over 1400 decision-makers from the retail real estate industry each. In 2016 ReDI gathered over 350 representatives of retail chains and over 50 exhibitors, who presented more than 150 shopping centres projects from Poland and CEE countries.
