INNO-TECH EXPO 2017

2017-09-01 10:56:50

International Expo of Innovativeness and New Technologies INNO-TECH EXPO is on the horizon. On 18 and 19 October 2017 Targi Kielce brings together scientists and entrepreneurs and offers the opportunity to meet and discuss about products, solutions and ideas they have worked on in the comforts of their companies and workshops

The 5th, jubilee International Expo of **Innovativeness and New Technologies INNO-TECH EXPO** is on the horizon.

On 18 and 19 October 2017 Targi Kielce brings together scientists and entrepreneurs and offers the opportunity to meet and discuss about products, solutions and ideas they have worked on in the comforts of their companies and workshops.

The exhibition is divided into the six thematic zones, one of these, the so called Creative Schools Zone has been solely devoted to young inventors.

Previous INNO-TECH expos attracted nearly 1,000 visitors. Targi Kielce's two-day events were the showcase for interesting inventions from young scientists and a discussion platform about cutting-edge ICT technologies. The Świętokrzyskie ICT Days generated an avid great interest and attracted over 400 participants.

It is worth saving the date for **EXPO 2017's INNO-TECH** — this is where you can present your non-standard approach towards standard everyday life. We look forward to seeing you.
