International Food and Drink
Exhibition "WorldFood Warsaw",
Warsaw, 14-16 April 2015

**International Food and Drink Exhibition "WorldFood Warsaw 2015",
Warsaw, EXPO XXI, 14-16 April 2015**

WorldFood Warsaw is a business to business initiative designed for the food sector industry. For three days, industry members will be able to establish new contacts and foster existing ones, evaluate the market demand for their products or services, and track the global trends.

Polish and international exhibitors, discussion panels and special conferences on food and trends in the food industry - all of this can be experienced throughout the second edition of the WorldFood Warsaw 2015 International Food Exhibition.

We welcome professionals from the food processing industry. The exhibitors include companies selling finished food and drinks and farming products as well as entities representing the food processing industry alike. Therefore, companies selling spices and food additives as well as providers of technology solutions and industry services are also welcome.
