

TESTIMONIALS

“It is clear that the event is getting a lot of interest and organisation is impeccable. I am positively impressed and plan to return next year. It is our first time at Warsaw Build; last year we attended an exhibition in Munich – for now it is a different scale, but it looks like Warsaw Build is going in the same, good direction. Another thing worth mentioning is the large number of foreign visitors present here.”

Andrzej Zuk, ESM Systems

“It is our first time here and we are very pleased. We have made many new contacts and we hope to turn them into cooperation in the future.”

Igor Pilutkiewicz, Rheinzink Polska Sp. z o.o.

“We are here for the first time and we are really glad we came. The exhibition is smaller than corresponding events but we see quite a lot of interest in our offer, so we expect that our presence here will soon bear fruit. We have been visited by people we have not met before and many that we have already known.”

Lidia Pietrzyk, Perfect Starachowice Sp. z o.o.

“We are here for the first time and we are very impressed. Some of the visitors were investors, we have made many new contacts. On the second day we already had a client with whom we had a meeting that very same day. I am sure we will be back for next year’s edition.”

Maria Platek, FHU „E-Mar” SC

“In our opinion, there is quite a lot of interest in the event and products from our brand. Clients visit our stand; we have made many contacts and did not see or experience anything negative. We also appreciate the help and care of the Exhibition manager.”

Mar-Tom Drzwi Metalowe

“We are here for the first time. To be honest, at first I was skeptical about this exhibition, but now I can say it was worth it. The organisers did a splendid job – the directorate is very professional and friendly at the same time, doing both the paper work and setting up our stand was a pleasure! Also, we met with great interest from visitors. We will surely come back next year.”

Krystyna Pacynska, Alutherm Sp. z o.o.
