Non-Prepaid Debt Collection - Poland - Europe - World

Distance is not a barrier for us - for our customers we have already recovered funds not only from Europe, but also from North America, South America, Asia and Africa.

We will quickly and efficiently collect the debt directly in the debtor's country. We have the appropriate knowledge and skills to efficiently carry out the debt collection process.

ICG employs lawyers and specialists in the field of debt collection from over 76 foreign Law Offices.

An amicable debt collection is carried out at the cost and risk of ICG on a *success fee* basis. This means that our remuneration is a commission payable only in the case of effective enforcement.

„I am very satisfied with the cooperation. Receivables are collected with 100% efficiency and at a very fast pace. It took only a few weeks for the money from unpaid invoices to return to our account. ICG is worth cooperating and recommending.”
