Importing or exporting?

Get a dedicated Transport Manager
looking after your every shipment

PEKO SPEDYCJA

Before you set sail

Risks associated with self-organised transportation:

01
Prolonged transportation process

02
Hidden charges

03
Customs clearance

04
Damage to goods

05
Untimely delivery

Why might you run aground?

The most common causes of problems:

- **Lack of competence** – market knowledge and experience in overseas transport
- **Lack of industry contacts and relationships:** ship owners, carriers, airlines
- **Seeking the lowest price offer** – inability to compare offers

What do you gain as our Client?

Fastest price valuations on the market
