# CLEAN RYPS OUTDOOR

**Clean Ryps Outdoor is an aluminium doormat with a special textile insert.**

New product! Clean Ryps Outdoor doormats for outdoor use. It is a new type of doormat in the BP Techem offer, featuring a professional cleaning textile insert consisting of 100% special polypropylene fibres, each of which is 12.5 mm long. Due to its composition, the product is fully resistant to moisture, so it can be successfully used in outdoor doormats. Moreover, the cleaning inserts used in Clean Ryps Outdoor doormats are highly resistant to abrasion and denting.

The inserts are embedded in aluminium profiles that are connected together with stainless steel ropes. Thanks to their unique cleaning properties, Clean Ryps Outdoor doormats help maintain cleanliness and safety in the entrance area, therefore they are perfect for commercial applications. The product is offered in 3 colour versions.
