# AV Installations

Your partner in AV, LIGHT & LED

[www.aram.eu](http://www.aram.eu)

CREATIVE DESIGN | TECHNICAL PRODUCTION | AV TECHNOLOGY

# About ARAM

---

aram

- Family business managed by the owners (brothers Rafal and Michal Mrzygłocki)
- More than 25 years of experience
- Hundreds of projects successfully carried out all over the world
- Passion for constantly raising the bar and doing great things

ARAM is an ideal partner for planning, installing, and servicing various permanent multimedia and lighting installations.

Additionally, it serves as an official distributor of state-of-the-art solutions and technologies, including LED screens, lighting, stage, and audio-visual systems.

Within our capital group, you will also discover the largest AV equipment rental company in Eastern Europe. Therefore, aside from sales and integration, we also provide our customers with long-term and short-term rental options.

## AV PROJECT

A good multimedia installation must not only provide an artistic effect, but also address issues of budget, time, space and technical resources.

## PLANNING

We are experienced in working at any level of budget, we provide our services at a high level, while respecting the capabilities of customers.

## INSTALLATION

Technology is not everything. Behind each of our projects are experienced people. We're here to make sure you're confident that every installation will be perfect.

We provide advice and assistance in selecting spectacular yet reasonably priced technologies.

Additionally, we collaborate with architects and general contractors.

Television studios | Theaters | Clubs | Casinos | Banks |  
Streaming studios | Stages and e-sports studios | Conference  
rooms | Shopping centers | Shops | Cinemas | Office  
buildings | Hotels | Public buildings | Convention centers |  
Sports facilities | Stadiums | Discos | Car dealerships

# How you can work with us?

---

COOPERATION PROCESS

CONCEPT & AV PLANNING

SELECTION & DELIVERY OF EQUIPMENT

INTEGRATION, INSTALLATION, SERVICE

It is your decision at what stage  
you want us to join your project

# Why working with us?

---

## Support from a partner with knowledge and experience in design and installation

- Guarantee of implementation within the agreed budget
- Dedicated team
- Responsiveness and speed of action
- Access to modern technologies from leading manufacturers
- Solving potential problems from the preparation stage
- Access to the largest equipment rental company in Eastern Europe

# Indoor LED Screens

---

- High-resolution LED screens starting from 0.9mm
- LED modules in various shapes and sizes
- Creative solutions, customized to fit the design
