→ +48 71 342 67 21  
→ [kczerniak@avicenna.com.pl](mailto:kczerniak@avicenna.com.pl)

We will make every effort to locate and source the raw material you are looking for.

# PRIVATE LABEL

With flexible minimum order options, you can adjust your order to suit your needs. With us, you can launch your product on the market starting with as few as 100 units

# *Private Label – Key Information*

## WHAT CAN WE PRODUCE TOGETHER?

With us, you can produce and bring  
to market:

- natural essential oils,
- oil blends (compositions),
- fragrance compositions,
  - oil mixtures,
  - oil-based cosmetics.

# MINIMUM ORDER QUANTITY

## *For an order of 1,000 units:*

*Starting from 1,000 units, we can bring your product to market, and you can supply the packaging. Additionally, we offer the possibility of producing oil blends, giving you greater freedom in creating unique products.*

## *For an order of 100 units:*

*Starting from 100 units, we offer you our full support, including standard packaging, which consists of a 7 ml bottle, a cap (available in yellow or brown), and a label designed for this standard. This is the perfect solution if you need a smaller quantity but a fully finished product*

# Our Service:

## RAW MATERIALS

*we source raw materials and packaging*

## TESTING

*we conduct all necessary tests*

## PRODUCTION

*We specialize in the formulation and filling of essential oils and cosmetic products*

## PACKAGING

*We package products in containers specifically tailored to the formulation requirement*

## SHIPPING

*We transport goods according to their specific requirements, including controlled temperature conditions*

Avicenna Oil  
pharmset

# About us

Our company, founded on a passion for exploring the world and using its natural resources, has been delivering the highest quality raw materials and products for over 30 years. With in-depth knowledge of the properties of essential oils and aromatherapy, we have become a leading distributor of raw materials in the market. Our operations are based on respect for nature and complete professionalism, which allows us to meet the needs of clients from various industrial sectors.

Since our inception, we have prioritized ethical practices and respect for the environment, which are the foundations of our business. As a result, we build lasting relationships based on trust and mutual respect.

Avicenna Oil  
pharmset
